

Kaja Language Tutorial Center Course Outline

Course Description:

This course is designed to develop the four macro skills of language – speaking, listening, reading and writing in a holistic Korean approach. It covers the basic and intermediate grammatical structures and vocabularies necessary for daily life conversation, reading comprehension and writing. This will help the learners to build a solid foundation in the Korean language. Each chapters contains dialogues, vocabularies, reading and listening sample questions used in EPS- TOPIK and TOPIK.

Course Objectives:

At the end of the semester, the students are expected to:

1. Read and comprehend texts in Korean language.
2. Write sentences and expressions using 한글 (Hangeul).
3. Maintain daily face-to-face conversations by asking and answering questions entirely in Korean.
4. Pass EPS- TOPIK Exam or TOPIK Level 1 or 2.
